

FALL 2015

VOLUME IV, ISSUE I

**IN THIS ISSUE**

- [Festival of Bikes](#)
- [Preventive Roadway Maintenance](#)
- [ScholarShirts for Scholarships](#)
- [Report Issues in Parking Areas](#)
- [Continuing Excellence](#)
- [Learn Essential Bike Skills](#)
- [Summer Maintenance Outcomes](#)

**CONGRATULATIONS**  
TO OUR SMART CYCLISTS!

Ahmad Razavi  
 Anupama Bhat  
 Erika Hennon  
 Gia Nguyen  
 Jessica Bolton  
 Joyce Yu  
 Juan Rodriguez  
 Julianna Bayley  
 Kenneth Simons  
 Michelle Antimie  
 Morvarid Azizian  
 Rebecca Tangen  
 Tiffany Ho  
 Veronika Zherdeva  
 Victor Tam  
 Yeng Lor

These Anteaters successfully completed the Smart Cycling certification, mastering bike handling, learning basic repair techniques, and gaining the confidence to ride legally in traffic!

**uciRIDEtoberfest** 

UCI Transportation is excited to host the second uciRIDEtoberfest: a festival of bikes, good food, and fun! The celebration will take place at the Aldrich Hall Flagpoles from Tuesday, October 27, through Thursday, October 29. Join us to receive hands-on guidance from our own League of American Bicyclists certified instructors, race adult-sized tricycles, buy a bike at the used bike fair, and improve your overall biking knowledge. Prize drawings will be available for participants and a free bike-in movie event showcasing "Jurassic Park" will cap off the festivities on Friday, October 29. Mark your calendar and visit [bike.uci.edu/events/uciridetoberfest.cfm](http://bike.uci.edu/events/uciridetoberfest.cfm) for more information!

**Preventive Roadway Maintenance** 

In partnership with Facilities Management, UCI Transportation has begun roadway sealing and resurfacing in preparation for what looks to be a wet winter season. This protection against water penetration will prevent further deterioration of roads and reduce overall repair costs to the campus. Whenever possible, UCI Transportation's maintenance team will utilize a green in-house process known as in-place infrared repair to complete asphalt work at the lowest cost possible. The first preventive maintenance project began with the resurfacing of Anteater Drive. For a complete list of upcoming maintenance, visit [www.parking.uci.edu](http://www.parking.uci.edu).

**ScholarShirts fund UCI scholarships** 

UCI Transportation, with the support of Financial Aid and Scholarships, is proud to have awarded 12 sustainably focused Anteaters the ROADS (Reward Opportunity Advancing Distinguished Students) scholarship since its inception. This year, eight more \$1,000 scholarships will be made possible by proceeds from UCI Transportation's ScholarShirts. These t-shirts, in sizes XS - 4XL, are available for just \$10 at our main UCI Transportation office on the second floor of the Public Services Building. Support your fellow Anteaters and show off your UCI pride by purchasing one of this year's designs, or collect all five!

**FixIt UCI: Report Issues in Parking Areas** 

UCI Transportation is asking you to be our "eyes and ears" on campus. To accomplish this we need your help in identifying potential issues in UCI parking areas so that we may apply resources effectively to repair and protect our campus infrastructure. Our newly launched FixIt UCI system is available for any non-emergency issues you notice in the field. To report an issue, simply choose from the options listed on the website and indicate the location of the problem. A photo upload feature is also available for your convenience. To use FixIt UCI, visit [www.parking.uci.edu/fixit/](http://www.parking.uci.edu/fixit/).

**Continuing Excellence** 

UCI Transportation has been named the recipient of the 2015 Outstanding University Award, presented by the Association for Commuter Transportation, an international trade association and leading advocate for commuter transportation and transportation demand management. The award was presented to UCI Transportation for promoting the widespread adoption of sustainable transportation, which was especially evident during UCI's All Graduate Commencement at Angel Stadium of Anaheim with keynote speaker, President Barack Obama.

In addition to this distinguished honor, UCI Transportation has been awarded the 2015 National Parking Association Innovative Sustainability Project of the Year recognizing our commitment to innovation, excellence and best practices. We are proud to continue UCI's standard of excellence in sustainable operations and look forward to continuing our best practices for a greener university. For a list of recent awards, visit [www.parking.uci.edu/parking/pop.cfm](http://www.parking.uci.edu/parking/pop.cfm).

**Smart Cycling Classes** 

Complimentary Smart Cycling classes are now being offered by UCI Transportation's League of American Bicyclists certified instructors. UCI affiliates and family members who ride or are interested in bicycle riding are encouraged to attend. The two-part Smart Cycling series is a unique and entertaining hands-on approach to learning essential cycling skills. You will master bike handling, learn basic repair techniques, and gain the confidence to ride legally in traffic. Following the in-class session, cyclists may participate in a nine mile guided on-road ride to earn a Smart Cycling certificate. These popular classes are available at no cost to all UCI and UCI Medical Center affiliates. Our next Smart Cycling class will be held from Tuesday, October 20 to Thursday, October 22. For more information and to RSVP, visit [bike.uci.edu/events/smartcycling.cfm](http://bike.uci.edu/events/smartcycling.cfm).

**Summer Maintenance Outcomes** 

Thank you for your patience during our annual summer maintenance. In preparation for the new school year, our UCI Transportation team and bikeway maintenance. In addition, our crew slurry-sealed more than one million square feet of asphalt in 21 parking lots around campus. Should you notice needed repairs in the field, please use our issue reporting system FixIt UCI at [www.parking.uci.edu/fixit/](http://www.parking.uci.edu/fixit/). Click the image below to view photos of our maintenance team's work during the summer:
